# ORGANIC COTTON BAGS GOTS CERTIFIED

[www.rameshexports.in](http://www.rameshexports.in)

Our GOTS Certified Organic Cotton bags are back in fashion and they are ECO - friendly, naturally bio-degradable are benefits of cotton bags. We produce from the smallest drawstring sachet to large cotton shopper, our cloth bags make use of this natural textile and offer a reusable alternative to plastic or paper, promoted in an authentic and practical way using cloth bags.

We produce a lot of Fabric qualities in Organic Cotton to select as per Customers requirements in different weights and qualities. Your cloth bag can be enhanced by bright clear printed image, giving a distinctive, eye-catching presentation for your product. We mainly manufacture with Organic Cotton quality fabrics, but have also successfully Launching with environmentally - friendly packaging benefits of Organic Bags of your Choice using recycle tags, FSC Certified Header Card Packaging & boxes etc.,

# Organic Cotton Mesh / Net / String / Muslin Bags

We produce Organic cotton mesh bags, String bags, Net bags and Muslin bags which helps preserving environment in a very big way. Produce bags to the grocery store or farmer's market and fill them up with your fresh fruits and veggies. When you get home put your produce right into the vegetable crisper and store the bag with your other reusable totes ready for your next trip. See how easy it is to bring your purchases home and create zero-waste. The drawstring top keeps everything from falling out. You'll see these bags are also handy for organizing travel and gym stuff or even using them.

- **Natural organic cotton bags used to store any type of produce items.**
- **Alternative for plastics.**
- **Social and environmental benefits.**
- **Keep your vegetables 10x Fresh.**

# Organic Tote Multi-compartment Bag

Perfect for carrying your loose groceries home from the baker's, supermarket, market or greengrocers. You can proudly refuse the single use plastic or paper bags that are still widely on offer, and you'll never need to reach for a plastic bag again.

- Multi - Compartment
- Multi - Use
- Convenient reusable produce bags to use when selecting and carrying your fresh fruit and veggies.
- Very Handy for carry vegetables and other household items. Highly recommended for Plastic banned city.

**RE** USE  
DUCE  
CYCLE

# Produce Bags / Grocery Bags / Vegetable Bags / Nut Bags / Cutlery Bags

Fresh produce bags are your sustainable practical alternative to plastic bags. These bags can be perfect for the grocery store or farmers markets. When deciding to reduce the amount of waste you generate be sure to choose a sustainable product that can be reused, and will biodegrade naturally, as eco-friendly holiday gift bags.

# Environmentally Friendly

Plastic is toxic. Keeping your food in plastic bags and containers can be extremely harmful. When food is stored in plastic bags these chemicals can leach into the food and then be ingested. As the Refresh Bags are scientifically designed to provide optimal humidity and natural condition for vegetables to enjoy the stay in them. Refresh Bag is completely Eco-friendly.
